FOR IMMEDIATE RELEASE

NEW ARBORTECH SITE NOW ONLINE!

-Arbortech Website revamped

Perth, Western Australia, February 14. If you are searching for innovative tools for brick & mortar applications, woodworking or DIY renovations, or if you are purely interested in the funkiest leisure vehicle available, then you will find all the right information at Arbortech revamped website. The new features of this website includes an all-new online store, a revamped design, a more user-friendly interface, and access to product information, videos and support for existing customers. Users can visit this new website at www.arbortech.com.au.

This new Arbortech website is the result of a long development process, and users can now purchase most Arbortech products online through state-of-the-art online store in a very safe and effective manner.

The revamped design allows the user to enjoy an enhanced user-friendly interface, and quickly gain access to all the new features of the website, such as the online store, product information and support, design projects, company information and contact details. Moreover, the user can also register their warranty online, as well as register for the Arbortech newsletter.

In the online store, a customer friendly shopping cart system guides you through your purchase, so the only thing you have to do is point and click. The products that are currently featured in the online store is the Mini-Grinder range, the Power-Chisel range, the Industrial range, the Woodcarver range, the Tuff Cut and the Sanding Range.

The revamped website offers a very comprehensive list of all our products, in an easy-to-read information package.

For customer support, the revamped website offers you information on the most frequently asked questions, as well as detailed information on how to use and fit our products.

The new Arbortech website will be updated on a continual basis, providing the customer with valuable information.
